When my sister, nephew and I decided to become mental health advocates, our mission was to end the stigma and discrimination that, all too often, surrounds those living with mental illness. After Jessie and Calen experienced, first hand, the stigma, fear, shame and exclusion that was as challenging as their illnesses, we decided to launch a national campaign based on our journey from being a family with absolutely no vocabulary for mental illness to a family who talks about it wherever and whenever we have the chance. Mental health affects us all.

In 2010, we founded Bring Change to Mind in order to build the awareness, understanding and empathy that would inspire change and ultimately create a new culture. We aligned with world renowned scientists working to identify the causes of stigma and built programs to change attitudes and behaviors in our most influential stakeholders — youth.

BC2M developed an evidence-based high school peer-led program that is effectively changing the lives of the young people involved. With more than 12,000 students, from 520 schools, across 42 states, engaged in this program, I can confidently say that we will see a stigma-free future. The conviction and compassion of these students is inspiring — they will change the world! However, we need your help to allow more teens access to the program.

We invite you to join us as a sponsor of our 11th Annual Revels & Revelations on October 9, 2023, in New York City, where we will be presenting the Robin Williams Legacy of Laughter Award to Ryan Reynolds. Past honorees include Billy Crystal, Whoopi Goldberg, Ben Stiller, The Smith Family, Dan and Eugene Levy, and Melissa McCarthy.

Our Revels & Revelations celebration will entertain, enlighten, and inspire you and your guests. Your involvement will allow us to offer our high school program to more schools, continue our research and save lives. Thank you for your consideration of support. We sincerely hope you will join us in this vital work!

With gratitude,

GLENN CLOSE
